Tribute from Thera Sandstrom

Relation: Brian is my cousin

Many of my fondest memories, from when I was growing up, are the ones where I had traveled to BC, with my family, to visit with my extended family. Whether it be going down the Alpine Slide and picking huckleberries in Kimberley, exploring the beach, going salmon fishing, and heading to a blackberry bramble for a snack when the parents said they wouldn't give us one when we gathered at the campsite in Qualicum, these are all memories that I have of spending time with my cousins. As we grew older and life's responsibilities meant that we got to see less of each other, it made me cherish our sporadic family visits all the more.
It pains me that I am unable to attend my cousin (Brian's) memorial but please know that he holds predominant spot in my thoughts and I want to send out all my love to my family and friends.
Brian, you will forever be with us in our fond memories of you.
"I'll find you in the morning sun
And when the night is new

I'll be looking at the moon
But I'll be seeing you "
-Billie Holiday

Tribute from David Carlson

Relation: Brother

There are still few days that I am able to accept your loss. You were and will always be my brother, however it's always been much more. You remain my mentor, my confidant, my friend and my direction. Brian you gave more then you were given always. It's a debt I wish I could repay. I love you every day and I know heaven shone a bit brighter the day you left here to there. I'll take as much

time and procrastinate as best I'm able…. till we meet again.
