Tribute from Philip Waters

Relation: He was our logging eyes and ears

This is so late and I am sorry for that. I met and worked with Brodie on a project in the Horsethief creek area years ago. He was a consultant for a company I worked for and was a welcome addition to our project. Ultimate professional and extremely knowledgeable. I was awed by his professionalism and smarts. I learned a lot from Brodie and I am deeply sorry to hear of this, however late it is. RIP Brodie, you are a great man
