"When someone you love becomes a memory, the memory becomes a treasure." This quote speaks volumes about my friendship with Ivy. Tribute from Bev McCormick

Relation: Ivy was a friend

Ivy was one of the strongest ladies I have known; we worked on many decorating projects together. I will miss her warm caring chit chat whenever we got together. Our thoughts and prayers are with you Ray, from Don and Bev McCormick.

Tribute from Darren Plested

Relation: Mother of another brother

I spent a large part of my formative years growing up in the Genrdon household and Ivy & Ray were like extended family to me. I'm more than certain Derek, Alan & I were solely responsible for many a grey hair & sleepless night with our reckless skiing, motorcycles, cars and teenage boy antics, but Ivy was always warm, patient and extremely generous with us throughout.

She had a very special way of always making you feel welcome and seemed genuinely interested in everything we did ...even the naughty bits. We spent countless hours desecrating her kitchen thinking we were master chefs in the making and Ivy seemed to be able to tolerate it with Saint-like ability in exchange for having us around, having us close and being part of her extended family. I have incredibly fond memories of those days and will always appreciate and cherish the influence Ivy had on my upbringing.

Ray, Lori & Derek, it's been many, many years but in writing this, it seems like yesterday. My deepest heartfelt condolences go out to you and your families. Ivy was an amazing person and I'm very glad to have been a very small part of her gigantic life.

Best wishes,
Darren

Tribute from Alan Nixon

Relation: Second Mother.

Mr/ Mrs Gendron were the second set of parents that Darren and I both seemed to need I think. Whether it was getting us to the ski hill, getting us to the lake, loaning us the boat, or taking us on vacation. The Gendron's could always be counted on to come through, to keep us on the straight and narrow, to keep us busy and teach us a little about life along the way. It's hard to describe how much time I spent in their house and it's harder still to imagine the kind of man I might have become without their influence.

My deepest condolences go out to Ray, Derek and Lori and the rest of the Gendron Family on this saddest of days. Ivy was an amazing lady who loved me as though I was her own and I know that even today having not seen her for many years. She will be missed by all who were fortunate enough to know her.

With deepest sympathies and love, Alan Nixon.

Tribute from Leigh-Ann Foote (King)

Relation: met in 1979

The Gendron family was the first family that I met when my family moved to Cranbrook in 1979. Right away I knew that I would love Ivy like a second mom as she always had a way of making me feel right at home. Lori and I were close friends until we both got married and went our busy ways! I did have the privilege of spending time on family outings, helping out with Lori's wedding, and being around when Ivy and Ray became grandparents. Through my eyes, I will always see Ivy as a strong willed woman that a person just learns to love. My deepest condolences to Ray, Lori/family, and Derek/family. Love from, Leigh ann Foote
