Tribute from Sandie Cartie

Relation: Friend of her sister Darci

Darci,
So sorry for your families loss. Such a beautiful tribute. My heart goes out to you all.

Tribute from Tricia Kavanagh

Relation: Long distance blog friends

I am sad for Leslie's family and sad for those of us who were her world-around friends. She and I shared a lot prior to her trip to Scotland as I had been there twice. Leslie was an awesome blog friend, one I hope to travel to aand meet in person. She was loved by many. I will miss her.

Tribute from Lesley McCulloch (nee: Colledge)

Relation: Childhood neighbour

Sorry to hear of Leslie's passing. I remember her and all her sisters with their busy lives back in the 60's. On one occasion, Leslie's mom hired me to help Leslie take care of Leigh, Darcy, Jill and Beth. We had to cook dinner as well as ensure all baths were safely done before bedtime. I still have the recipe Mrs Hamilton provided for an easy "chow mein" dish that I was expected to prepare for everyone that evening. Leslie was a very kind helpful soul.

Tribute from Cathy Louise Hodgson

Relation: Our grandparents and parents were friends.

Sending love to all the Hamiton and Armstrong clans, close, close friends to my mother (Bubbles Hodgson) and grandmother's (Virginia Adlard) families. Although we have been out of close contact for many decades, I remember the fiery and passionate spirit of young Leslie as described in this lovely obituary. I wish we lived closer so I could return the many kindnesses you and the Armstrong clan bestowedd on my family deceased and living. I would bring a casserole, flowers and pie. Drink some tea, coffee or scotch and reminisce. Wrap you in hugs. You are in my thoughts and prayers. I carry you in my heart. Love from Edmonton, Cathy Hodgson

Tribute from Lori Stadel

Relation: Long time patron at the Library (I have worked here for 27 years)

My deepest condolences to the family. I will miss her coming into the Library and talking to her. She would always be in for more titles, a long time patron. I will miss you, RIP Leslie.
